

## 5000 SERIES DESK

Functional, durable style from the  
workstation to the executive suite

# 5000 SERIES DESK

Customizable, stackable, lockable storage

The 5000 Series Desk by Datum is designed for applications where durability and aesthetics are both important. The 5000 Series is constructed of heavy duty steel for low maintenance and long life, while its design features provide a functional yet sophisticated appearance. The 5000 Series can easily go from a heavy-traffic workroom to a low-impact executive suite and perform equally well without ever looking out of place.

## THE 5000 SERIES DESK

**DURABLE**—constructed of 18- and 20-gauge steel for low maintenance and long life.

**FUNCTIONAL**—modular components offer endless configurations and options to expand.

**STYLISH**—design can integrate into a high-impact workroom or a low-impact executive suite.

**GUARANTEED**—all component parts are made in the USA and include a Lifetime Warranty.

### DURABLE & ATTRACTIVE DOWN TO THE FINISH

The 5000 Series Desk comes in a variety of durable, high-quality finishes to suit any aesthetic. Steel components are available in powder-coated standard or custom paints with color options ranging from cool, calming hues to rich, vibrant colors. Surface material options include high-quality laminate and melamine or earthy, natural hardwoods.

## ABOUT DATUM

Owned and operated by the Potter family since 1968, Datum Storage Solution's team of in-house engineers, designers, and skilled craftsmen have manufactured storage solutions for over 40,000 companies around the world. Datum's diverse lines of products are made in York, Pennsylvania with high-quality, environmentally friendly materials and processes.
